Register of Schools and Educational Institutions

Schools and educational institutions may be searched using the Register of Schools and Educational Institutions search engine available at <http://rspo.men.gov.pl>.

Schools and educational institutions may be searched using basic data such as:

- > National Business Registry Number (REGON)
- > Register of Schools and Educational Institutions Number (RSPO)
- > Location of school or institution (e.g. region, district, commune, town)
- > Supervisory body:
 - > Type (e.g. commune, foundation, association)
 - > Location (e.g. region, district, commune)
 - > Name or National Business Registry Number (REGON)

With advanced search option, the following criteria may be applied:

- > Type of school/institution
- > Location in structure
- > Public and legal status
- > Category of learners
- > Category of school/institution
- > Educational phase
- > Qualifications (incl. qualifications in colleges and art schools)
- > Hall of residence
- > School district
- > Status of the school/institutions (liquidated / not liquidated)

A search will provide a list of schools/institutions. For each school/institution the following information may be displayed:

- > General information and contacts
- > Detailed information
- > Address and contact details

The search result may be saved in the CSV format. The result may also be sorted according to school/institution name, the Register of Schools and Educational Institutions number, National Business Registry Number (REGON) or type of school/institution.
